**STRIPELIGHT®**  
**Model FRT-FS**

The Stripelight FRT FS Model is a handheld fire, rescue, and tactical (FRT) intrinsic safe flashlight for HazLoc US/Canada and ATEX/IECEx certifications. It provides a LED light source with two modes: High and Low. LED light bundle is specially designed for fire as well as search. The projected light combines focused center pipe beam with a surrounding beam for search without a halo ring. The color temperature has been selected for best reading smoke and its density. The FRT FS designed for ergonomic hands-free switching and wireless charging.
